ANOTHER GIRL IS ASSAULTED BY NEGRO

Young School Teacher Attacked by Negro.

ASSAILANT IS SCARED BY CRIES

Posse Was Quickly Organized and Pursuit Given, but Up to a Late Hour No Arrest Had Been Made. Attack Made Near Scene of Murder.

Atlanta, Aug. 27.—A negro attempted to attack Miss Mittie Waites, a school teacher at Adamsville, 9 miles from the city, Friday afternoon and only the screams of the young lady saved her from a probable assault.

Miss Waites was alone in the woods at the time, several hundred yards from her home, when the negro tried to attack her. She screamed and ran when the negro advanced upon her and he turned into the woods near by and disappeared.

The affair was quickly told in the neighborhood, and a posse of citizens was organized. A telephone message to the city notified the county police and Chief Turner soon had his men on the scene.

The woods near by were scoured, but from last accounts the negro had not been captured.

Miss Waites was greatly excited and came near having nervous prostration from her experience. She had left the house of her mother and went to a spring in the woods to get a bucket of water. She was stooping over the spring, filling the bucket, when she heard a noise, and upon looking up she saw a large, heavily built, black negro looking at her. As she arose to her feet the negro started toward her. She dropped the pail and started to run. She screamed and the negro called to her to stop.

This only frightened her the more, and she continued to run and to call for help.

After following the young lady a few yards the negro became alarmed at her continued screams and he left the path and disappeared in a nearby thicket.

Miss Waites is the 18-year-old daughter of Mr. Waites, who is now farming in Adamsville district, and who was formerly a deputy sheriff at the court house.

Where the negro tried to attack Miss Waites is not far from the spot where Amos Moody was murdered last Saturday afternoon.

The people in the district are still worked up over the crime, and when they heard of the attempt to attack Miss Waites, they were incensed. If the negro can be caught and identified he would not have much chance of even reaching a prison alive.

While the county police and the posse of citizens were searching the woods west of Atlanta, another crowd of police and citizens were engaged in the same work to the east of Atlanta, where efforts were being made to find the negro who assaulted the Misses Lawrence.

A farmer from Adamsville said Friday night:

"If it has gotten to be so that our women folks cannot go to the spring for water to drink, my God I don't know what our county will come to. It has about come to pass that a woman or a girl cannot leave the house to walk a hundred yards away without a negro brute trying to assault her."

Troops Guarded Decatur Jail.

Company A, of the state troops, which was sent to Decatur Friday afternoon to guard the jail against the attempt of a mob of people to take out the negro prisoners held there, suspected of attempted assault upon the Misses Mabel and Ethel Lawrence, spent the night there and came back to town early Saturday morning.

A mob had gathered before the jail Friday evening. It was composed of 250 men, and under the belief that the guilty negro was in the jail, they clamored for him to be brought forth. So persistent was this demand that Solicitor William Schley Howard of DeKalb county telephoned Governor Terrell, with the result that the militia was sent out.

Meanwhile the mob, growing persistent became so clamorous that Sheriff Reagan consented to allow a committee, composed of citizens and officers, to enter the jail, and they saw all prisoners. The committee reported that the guilty negro, so far as they could tell, was not in the jail.

This pacified the mob to some extent, but it was augmented from time to time by fresh arrivals from the city, and these the soldiers had to drive back from the jail. At midnight the mob had practically dispersed, and only the soldiers, who still guarded the jail, remained on the scene.

In the midst of the excitement in Decatur, N. G. Hubbard, a special officer, slipped past the mob with Bob Harris, a negro suspect, and took him before Miss Mabel Lawrence at her home. She failed to identify the negro.

Saturday morning the situation was quiet both in Decatur and around the Lawrence home.

Sacred Harp Convenes in Atlanta.

Atlanta, Aug. 27.—About two thousand delegates will come to Atlanta from this and adjoining states on the occasion of the convention of the United Sacred Harp Musical association of Georgia, which will be in session at the Broughton tabernacle on Friday, Saturday and Sunday, Sept. 7, 8 and 9. H. D. White, who resides at 32 East Alabama street, is the secretary of this association and has charge of the arrangements for the meeting. He desires all Atlantans who are expecting friends or relatives to attend the convention to send the names of such visitors to the tabernacle on Friday, Sept. 7, or communicate with him.

Joke on Secretary Taft.

Washington, Aug. 27.—Secretary Taft has found his way into comic papers all over the world, as a result of the joke Associate Justice Brewer, of the United States supreme court, told on the rotund secretary of war at the recent Yale commencement. The pleasantry of the distinguished jurist, it will be remembered, was based on a compliment he desired to pay to the chivalry of Yale men.

"Yale men are very polite," said Justice Brewer. "But Secretary Taft is the most polite man I ever saw in my life. Why, the other day I was in a street car with him and he got up and gave his seat to three women."

Princess Paula Dead.

New York, Aug. 27.—A special cable from Detmold says that Princess Paula, last descendant of the reigning house, died here last Friday. The last masculine descendant died in 1905, so that the line is now extant. The princess was the youngest of nine children of Leopold II of Lippe. Three of her brothers occupied the throne in succession. Leopold III, who reigned from 1851 to 1875; Waldemar, from 1875 to 1895, and Charles Alexander, who was sovereign from 1895 to 1905, although his mental state necessitated a regency.

Negro Bully Is Shot Down.

Tampa, Fla., Aug. 27.—Jake Turner, a negro, attempted to bully the town of Palmetto, in Manatee county, because his two boys were arrested. He started out with his rifle to liberate the boys. While people resented his interference with the law, and a fight ensued in which Turner was killed. A street battle occurred in which several shots were fired before the man was killed. A message from there reports everything quiet.

Baer Arrives from Europe.

New York, Aug. 27.—George F. Baer, president of the Philadelphia and Reading railroad, arrived here Saturday from Europe on the steamer Amerika. On board the steamer St. Louis from Southampton, was Mrs. William Thaw, Jr.

Princess Burned to Death.

Tiflis, Aug. 27.—The country mansion of Prince Palavandoff at Ozoori was set on fire by peasants Friday morning, and princess, not being able to escape, was burned to death.

CUBAN OUTBREAK DISTINCTLY POLITICAL

So States Governor of Pinar del Rio.

WILL BE QUICKLY PUT DOWN

Government Is Equiping 15 Coastwise Steamers as Gunboats, to Carry the Troops with Guns and Ammunition to All Coast Points.

Havana, Aug. 27.—The village of Aroya Naranjo, 5 miles from Havana, was occupied by a force of 70 insurgents Friday night.

A detachment of mounted city and provincial police proceeded to Arroyo Narranjo early Saturday morning, and the surgents who had occupied that place scattered as the government force approached.

New York, Aug. 25.—Expressing a belief that reports of the strength of the insurgent forces have been exaggerated, Y Zeobrado, governor of the

PRESIDENT PALMA.

province of Pinar del Rio Friday night declared that Cuba had nothing to fear from the present uprising and that it would be quicaly suppressed by President Palma. Governor Zobrado leaves for Havana shortly. In an interview he said:

"This outbreak is distinctly political and it will not amount to a great deal. There is nothing to the movement to cause alarm to the persons who have the interest of Cuba at heart.

"There has been grumbling ever since the election among a certain class of people, who felt that they had not been properly regarded by President Palma in the way of official positions. They began to preach against Palma 's administration. Talk of that kind very often led to revolutionary outbreaks and the present uprising consequently does not come as a great surprise. However, it will be quickly put down. President Palma has all the resources he wants and the support and sympathy of all the leading Cubans of the island. Followers of the insurrectionary movement are to the low class of Cubans."

The following cable from Havana is printed here:

"The increased reticence of the government justifies alarm as to the situation. Senator Morua Campos Marquetti, the liberal, who has joined the revolutionists, says in an interview in the Telegrafo that he has no doubt that the rebel chiefs have a fully formed plan which they will gradually work out. He says that honest elections must be granted by the government. The rebels are fighting for a cause and not for one man. They are willing to accept any president who is legally elected, even Estrata Palma. The senator is willing to add his name to that of 267 Cuban business men in New York who propose to ask President Roosevelt to send a commission to see that an honest election is held. He does not desire American intervention, because if the Americans come, God knows where the movement would end. The rebels, however, will lay down their arms if President Roosevelt agrees to send a non-partisan commission to investigate the elections, which the rebels allege were fraudulent. President Palma should be willing to agree to this for a month's war would reduce Cuba to a worse condition than the Spanish war did. Neither the government nor the insurgents can win. The rumor that the rural guards wanted only to get General Bandera killed, and who is hopelessly wounded, is sure to inflame the rebels who have up to the present been merciful. If President Roosevelt should order the appointment of an investigation commission, President Palma may say that the American minister would be acceptable.

"An independent senator commenting on the above statement, says the appointment of such a commission by President Roosevelt is impossible as it would wound Cuban independence. The parties must settle the matter between themselves. The sending of American troops here would be no solution of the trouble. Plan Guerera has stated his grievances, and now the government should make its reply.

"The government is equipping 15 coastwise steamers as gunboats, to carry troops with guns and ammunition to all coast points. These will be landed at night and the troops will attempt to surprise the rebels.

"Senor Zayas, who was the liberal candidate for vice president, says that the leading men are urging President Palma to call a convention of prominent Cubans to consider a solution of the trouble."

Havana, Aug. 27.—The stars and stripes are flying conspicuously from points of vantage on American owned property throughout the disturbed district and is scrupulously respected by both the government forces and the roving bands of insurrectionists. The emblem of the United States is perhaps exerting a moral influence over sober minded Cubans. Senor Marquetti, the liberal who has espoused the cause of the insurgents, has publicly advocated the appointment by president Roosevelt of a commission to investigate the charges of fraud in connection with the last election. Other prominent men indorse the idea also.

"Today's early advices from Pinar del Rio and vicinity indicate that the outcome of the expected battle between the government troops and the insurgents under Pino Guerera is more in doubt than the officials at the palace are willing to admit. Guerera is believed to have nearly or quite 2,000 men who can be depended upon. They are reported to be equipped with arms and ammunition. It is suspected that the insurgent leaders' withdrawal from San Luis and San Juan was a ruse to attract the government troops from their base at Pinar del Rio. A sudden descent on Pinar del Rio in the event that Palma's troops do not like an early offensive battle, would not surprise those seemily well informed.

The government has 15,000 armed defenders. The strength of the loyal citizens is in doubt.

Government agents are sailing today for the United States to purchase horses.

There have been no disturbances in the larger cities, but the situation in the surrounding country is not reassuring.

Girl Is Refused a Pardon.

Raleigh, N. C., Aug. 27.—Governor Glenn positively declines to pardon Susie Hanon, the 12-year-old white girl, sentenced to four years and nine months in the penitentiary for killing a young man in Cabarrus county. The governor says that though she is young, her character is very bad and she is under the influence of a vile father, so to pardon incurs sending her back to a life of shame and sin. He says that later, if she improves, he will try to get her a good home and grant a conditional pardon. This ends a matter which has attracted much attention all over North Carolina.

Drowned at Niagara.

Niagara Falls, N. Y., Aug. 27.—Martin Kane and H. L. McGrath, while boating in the gorge were caught by the current and carried through the whirlpool rapids. Kane was drowned, but McGrath managed to swim to the shore.

$200,000,000 LOSS AT VALPARAISO, CHILE

Conservative Estimate Places Property Loss at That Figure.

RURAL LOSSES ALSO IMMENSE

Heavy Rains Still Falling, Making the Misery Greater—Donations for Sufferers Are Arriving From All Parts of the World.

Valparaiso, Aug. 27.—The minister of the interior has sent the following despatch to President Riesco, at Santiago.

"Business is being resumed here. All classes of the population are taking part in the work of repairing the damage. All the committees are accomplishing their tasks with the greatest zeal. If fresh meat runs short I shall cause frozen meat from Magallenes to be shipped. Many of the homeless people are in need of clothing. Provisions are running short at Iquique because the supplies have been retained here."

President Riesco continues to receive telegrams of condolence from foreign governments. The newspaper buildings were not so badly damaged as at first supposed. The newspapers will reappear Sunday.

There were some slight earthquake shocks at 8:15 p. m. Friday, but no further damage was done.

Santiago, Chile, Aug. 27.—A conservative estimate places the property loss at Valparaiso as a result of the earthquakes and fires at $200,000,000. The loss in the rural districts will be immense, as not only the residences of the landed proprietors, but the huts of the laborers have been completely destroyed, and in many places the bridges, telegraph and telephone posts have been thrown down. No passenger trains have arrived here from Valparaiso since Aug. 16. It is insisted that the effect of the disaster in the number of deaths and the amount of property destroyed is probably greater than was the case in San Francisco's earthquake. Valparaiso is the great seaport of the republic, and its commerce exceeds that of any Pacific port except San Francisco. The entire lower part of the city is completely destroyed and the loss of life is felt throughout Chile because all parts of the country were represented there.

Heavy rains are still falling at Valparaiso, making the misery still greater. Donations for the sufferers are arriving here from all parts of the world.

Some idea of the state of affairs existing can be formed from the fact that Americans rode on horseback from Valparaiso to Santiago, a distance of 80 miles, and could not obtain food or drink for himself or his horse during the entire distance, owing to the desolation prevailing.

Police Captain Killed.

Berlin, Aug. 27.—A dispatch to the Tageblat from Tagowitz announces that a bomb was thrown in Bendzin, Russian Poland, killing Police Captain Jakubik and two policemen, and also dangerously wounding another policeman. The bomb was evidently intended for Jakubik, who commanded a patrol which on Monday last killed a Jew. The explosion destroyed the district police office. A detachment of Cossacks fired several volleys and wounded a number of passers-by.

Prohibits Importation of Arms.

Washington, Aug. 27.—Mexico has decided to prohibit the importation of arms and ammunition into the state of Sonora for the purpose of preventing the hostile Indians in that state from procuring supplies. A dispatch announcing this action of the Mexican government was received Saturday by the state department from Ambassador Thomas at the City of Mexico.

COUNTY ASSOCIATION IS AGAIN ORGANIZED

Enthusiastic Meeting Was Held At Court House Monday.

WANT THE FIRST PREMIUM

Alachua County is Going to Send This Year a Fine Exhibit, and Wants to Capture the Cream of Premiums. Association Will Get to Work.

The Alachua County Fair Association met at the office of County Tax Assessor W. W. Colson, the secretary, at 4 o'clock Monday afternoon for the purpose of receiving the report of the manager of the Association for last year.

The meeting was well attended, and considerable enthusiasm was manifested. In the absence of the President, W. R. Thomas, the meeting was called to order by Dr. T. F Thomas, who is a member of the board of directors of the Association.

After Dr. Thomas had called the meeting to order Jesse E Burtz, vice-president of the Florida State Fair Association, stated that the purpose of the meeting was to render a report of the last year's work to the county commissioners to reorganize the county association for the coming year's work.

The report of the manager, John W. Tench, was submitted, and a committee comprising Secretary Colson and H. S. Graves was appointed to audit and approve the same.

After a discussion as to the benefit and advantage an exhibit of Alachua county would be at the State Fair, a new organization was formed and the following officers elected for the coming year:

W. R. Thomas, president; L. C. Lynch, vice-president; H. E Taylor, treasurer; W. W. Colson, secretary. Board of directors—C. C. Pedrick, J. A. Phifer, E. Lartigue, W. B. Taylor, J. F. McKinstry, Jr., H. H. McCreary, J. F. Bunch.

The meeting adjourned, after a long discussion of the probability of Alachua county in the coming State Fair making a fine show, and it was seen that the Association was determined to make a vigorous effort to capture the first premium for 1906.

THE CORONER'S JURY.

Verdict That Walter White Came to Death at Hands of Unknown Parties.

The coroner's jury in the case of Walter White, who was shot by unknown parties on the Haile plantation several days ago, and who died on Friday night as the result of his wounds, has rendered its report or verdict.

The jury was summoned immediately after the death of White, who viewed the remains. The case was continued until Monday, owing to the fact that it was impossible to get witnesses here before that time.

Monday six witnesses, negroes from in and about the Haile plantation, were examined, but no new developments were brought out.

The jury, after short deliberation, brought in a verdict that White came to his death from the result of gunshot wounds in the hands of parties unknown.

FOR TOTING A PISTOL.

Robert Gamble Insisted on Carrying a Gun and Suffered Consequences.

Deputy Sheriff J. A. Beach of Trenton arrived in the city Monday. He had in custody Robert Gamble, a negro, who insisted upon carrying a pistol, which he realized was against the law, and was subsequently arrested. The pistol was found upon his person, and he was arraigned in Justice Drummond's court and sentenced to pay a fine of $100 and costs or spend three months in jail.

Not having the "wherewith" with which to pay his fine, Robert will have a job breaking rock in the phosphate mines for the next three months—but he gets $33.33 per month and board, which is a tolerably fair job these days.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

SHOOTING AFFRAY NEAR RALEIGH

Dunlap Phinney Assaulted Geo. B. Lowman With a Pistol.

GREAT DIFFERENCE IN AGES

Phinney is a Man Above Fifty, While Lowman is Young, Having Just Passed the Legal Voting Age—Phinney Went Home and Gave Up.

Information reached this city Sunday of a shooting affray near Raleigh on Saturday afternoon, in which Geo. B Lowman, son of B. B. Lowman, a prominent farmer and citizen of that section, was shot and seriously wounded by Dunlap Phinney, also a farmer.

It is understood that the two men have not been on good terms for some time, but their differences were not considered of a very grave nature. Phinney and Lowman met on Saturday afternoon, it is said, when Phinney drew a pistol and began to pump lead in the direction of Lowman. Three bullets took effect, and Lowman's condition is said by his physician to be serious.

The particulars are meagre, but it is understood that Phinney was very much unconcerned in the tragedy and went home, after which he was arrested without resistance.

Phinney is a man of advanced age, being about fifty-four. He has a large family. Lowman is a young man, scarcely more than twenty-one.

The tragedy has caused general regret in the vicinity of Raleigh, as all parties are well known and popular.

The Tobacco That Made Chewing Popular

Man's fondness for chewing tobacco is created and popularized by the tobacco produced in the famous Piedmont tobacco belt. Only choice selections of this well matured, thoroughly cured leaf are used in making SCHNAPPS. That's why SCHNAPPS requires and takes a smaller amount of sweetening than any other kind—and that's why SCHNAPPS has a wholesome, stimulating and satisfying effect on chewers.

There are many imitations of SCHNAPPS claiming to be "just as good," but without the flavor or quality that has made SCHNAPPS sales more than all similar tobaccos.

Schnapps

It is made in the Reynolds factories, famous for producing the best chewing tobaccos, by clean, sanitary processes, under the same direction, since 1875, of men who have made the business a life study. They are the largest and best equipped flat plug factories in the world and are situated in the very center of the world's greatest chewing tobacco district.

If you've never chewed SCHNAPPS, now is the time to get acquainted with the cleanest, most healthful, stimulating, satisfying and wholesome form in which tobacco can be used. Do not accept imitations.

COUNTY ASSOCIATION IS AGAIN ORGANIZED

Enthusiastic Meeting Was Held At Court House Monday.

WANT THE FIRST PREMIUM

Alachua County is Going to Send This Year a Fine Exhibit, and Wants to Capture the Cream of Premiums. Association Will Get to Work.

The Alachua County Fair Association met at the office of County Tax Assessor W. W. Colson, the secretary, at 4 o'clock Monday afternoon for the purpose of receiving the report of the manager of the Association for last year.

The meeting was well attended, and considerable enthusiasm was manifested. In the absence of the President, W. R. Thomas, the meeting was called to order by Dr. T. F Thomas, who is a member of the board of directors of the Association.

After Dr. Thomas had called the meeting to order Jesse E. Burtz, vice-president of the Florida State Fair Association, stated that the purpose of the meeting was to render a report of the last year's work to the county commissioners to reorganize the county association for the coming year's work.

The report of the manager, John W. Tench, was submitted, and a committee comprising Secretary Colson and H. S. Graves was appointed to audit and approve the same.

After a discussion as to the benefit and advantage an exhibit of Alachua county would be at the State Fair, a new organization was formed and the following officers elected for the coming year:

W. R. Thomas, president; L. C. Lynch, vice-president; H. E Taylor, treasurer; W. W. Colson, secretary. Board of directors—C. C. Pedrick, J. A. Phifer, E. Lartigue, W. B. Taylor, J. F. McKinstry, Jr., H. H. McCreary, J. F. Bunch.

The meeting adjourned, after a long discussion of the probability of Alachua county in the coming State Fair making a fine show, and it was seen that the Association was determined to make a vigorous effort to capture the first premium for 1906.

THE CORONER'S JURY.

Verdict That Walter White Came to Death at Hands of Unknown Parties.

The coroner's jury in the case of Walter White, who was shot by unknown parties on the Haile plantation several days ago, and who died on Friday night as the result of his wounds, has rendered its report or verdict.

The jury was summoned immediately after the death of White, who viewed the remains. The case was continued until Monday, owing to the fact that it was impossible to get witnesses here before that time.

Monday six witnesses, negroes from in and about the Haile plantation, were examined, but no new developments were brought out.

The jury, after short deliberation, brought in a verdict that White came to his death from the result of gunshot wounds in the hands of parties unknown.

FOR TOTING A PISTOL.

Robert Gamble Insisted on Carrying a Gun and Suffered Consequences.

Deputy Sheriff J. A. Beach of Trenton arrived in the city Monday. He had in custody Robert Gamble, a negro, who insisted upon carrying a pistol, which he realized was against the law, and was subsequently arrested. The pistol was found upon his person, and he was arraigned in Justice Drummond's court and sentenced to pay a fine of $100 and costs or spend three months in jail.

Not having the "wherewith" with which to pay his fine, Robert will have a job breaking rock in the phosphate mines for the next three months—but he gets $33.33 per month and board, which is a tolerably fair job these days.

Children in Pain

Never cry as do children who are suffering from hunger. Such is the cause of all babies who cry and are treated for sickness, when they really are suffering from hunger. This is caused from their food not being assimilated but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once. Give it a trial. BASEBALL TODAY.

The Oak Halls and Williston Will Cross Bats for the Honors.

There will be something doing in the baseball line at the park this afternoon, when the Oak Halls and the Williston teams will cross bats for the honors.

The Oak Halls are in good trim, having been in practice for several days past. The Williston team is also in first-class practice, as they have anticipated for some time this visit, and will be "laying" for the boys of the University City.

The game will be called at 3:30 o'clock. The admission will be as usual—25 and 15 cents—and it is to be hoped that a good crowd will be present to show their appreciation for what the Oak Halls have done to entertain them this season.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and in a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Funeral of An Old Resident.

The funeral of Prof. Alexander Hannay Affleck was held from Holy Trinity Church Sunday afternoon, Rev. Francis Craighill officiating. Prof. Affleck was born in Dunfries, Scotland, Nov. 18, 1818, and so was nearing the close of his eighty-eighth year. He was for some time an esteemed and highly respected citizen of this community, but about three years ago removed to High Springs and more recently to Fort White, at which place he died. He is survived by his aged wife, two daughters, Mrs. L. C. Ellis of Fort White and Miss Mary Affleck of Ocala, and by one sister, Mrs. Mary H. Moulton of Shelbyville, Ill. He leaves also, especially in Georgia, where he lived during the more active years of his life, a large circle of friends, who remember him as a talented musician, a brave and distinguished Confederate soldier and a noble Christian gentleman.

Alex Smith, a negro who looks as though he might be strong enough to work without resorting to dishonest purposes to make a living, was arraigned in Justice Colman's court Monday upon a charge of breaking and entering.

The warrant for Smith's arrest was sworn out by J. C. Haile, who alleges that Smith broke a window and forcibly entered the house of a man living on his place, and took therefrom a gun and other articles.

After hearing the evidence in the case Smith went to jail in default of $500 bond, and must face the next term of the circuit court.

Mr. Pendarvis, who has been employed here for the past month, did not even hint to his most intimate friends his intentions when he left here for a short vacation, but they were suspicious, and the information of his marriage was really not in the nature of a surprise to them.

Mr. and Mrs. Pendarvis are pleasantly located on West Main street. S. Friends wish them a long a happy married life, which will no doubt be the case.

A Fine Sermon.

Those who attended the First Presbyterian Church Sunday morning listened to a most interesting discourse by Rev. T. J. Nixon of the Methodist church, who filled the pulpit upon that occasion. Rev. S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

THE ELKS' NEW HOME.

Sketches of Plans Now on Exhibition at Office of Dow & Morris.

The sketches of the plans for proposed alterations in the handsome Turner home, which has been purchased by Gainesville Lodge No. 994, B. P. O. E., and which will be transformed into a new and modern home and club house, are now on exhibition at the office of Dow & Morris, and are being admired by members of the order.

The sketches were made by Architect Edwards of Columbia, S. C., one of the most competent architects in the South, who was also the architect on the elegant new buildings of the University of Florida.

At the last meeting of the Elks, which was on Thursday night, these sketches were presented. It will be remembered that they were accepted, pending a more complete drawing, and the building committee was instructed to proceed in the matter of pushing the building to completion.

The plans are on exhibition with Dow & Morris, and all Elks are invited to call and inspect them.

The Tobacco That Made Chewing Popular

Man's fondness for chewing tobacco is created and popularized by the tobacco produced in the famous Piedmont tobacco belt. Only choice selections of this well matured, thoroughly cured leaf are used in making SCHNAPPS. That's why SCHNAPPS requires and takes a smaller amount of sweetening than any other kind—and that's why SCHNAPPS has a wholesome, stimulating and satisfying effect on chewers.

There are many imitations of SCHNAPPS claiming to be "just as good," but without the flavor or quality that has made SCHNAPPS sales more than all similar tobaccos.

Schnapps

It is made in the Reynolds factories, famous for producing the best chewing tobaccos, by clean, sanitary processes, under the same direction, since 1875, of men who have made the business a life study. They are the largest and best equipped flat plug factories in the world and are situated in the very center of the world's greatest chewing tobacco district.

If you've never chewed SCHNAPPS, now is the time to get acquainted with the cleanest, most healthful, stimulating, satisfying and wholesome form in which tobacco can be used. Do not accept imitations.

RECEIPTS WERE GOOD.

The Cemetery Association Did Well From Baseball Game Friday.

The ladies of the Cemetery Association desire to publicly thank the "Flats" and "Leans" for their work in the game of Friday, and also for the generous support of the public. The receipts for this game aggregated net $37.25, which will go a long ways in the matter of keeping the cemetery in order, and the ladies of the Association are grateful to both the players and those who purchased tickets.

Daniel B. Wesson, the revolver manufacturer, left a fortune estimated at $30,000,000. This sum may be regarded as the measure of the value which America attaches to the revolver, for it is in this country that the particular brand of pistol is most widely used. It is an enormous sum to stand for the success of a single death-dealing weapon—a homicidal luxury.

A naughty exchange says that there is scarcely anything that a woman can't do with a hair pin. She uses it to pick her teeth, button her shoes, clean her finger nails, punch bed bugs out of cracks, fasten up stray bangs, clean her childrens' ears, scratch her head, pick her toe nails, clean out her husband's pipe, run into cakes to see if they are done, and many other things that poor deluded men know nothing about.

The first experiment with rural free delivery was made in 1897. In 1898 the expenditure on the service was only $50,000. In 1906 the expenditures had risen to nearly $21,000,000. The appropriation for the current fiscal year is $26,350,000, the routes number 35,874, the carriers 35,768. There is daily service on all the routes except 283, and on these there is service every other day. The benefits of the service extend to 3,228,600 families, or 13,867,904 persons.

A QUESTION THE GOVERNOR DID NOT ANSWER.

In the notable debate on the Everglades drainage question between Governor Broward and Hon. Jno. S. Beard heard in this city last Monday night, it is generally conceded that the Governor had the best of it—or he at least carried a very large majority of the crowd with him—and that we suppose was the object of the debate.

There is one question, however—and it is a very important one—which Governor Broward failed to answer. The proposition was put up to him by Mr. Beard that, while the title to those Everglades lands is in dispute, while it is now a matter of litigation in the courts, it would be unwise to spend the public money in draining them until their ownership is absolutely settled.

This, as we said, is a very important point and, in fact, the main point in the whole drainage proposition. No private individual would improve a piece of property unless he felt reasonably sure that he had or would secure a good title to it, and the State in this matter should be guided by the same business principle which a business man would follow in a similar case where his own personal business interests were affected.

So far as we could observe, the nearest the Governor came to answering the question was his contention that, assuming his own position in reference to the State's title to the lands to be the correct one, the Supreme Court would decide in the State's favor. This answer is hardly a satisfactory one and does not really answer the question.

We should like very much to have the Governor make a plain straightforward statement of his position on this phase of the proposition. It is, in The Journal's opinion, the one strong card which the opposition to the drainage scheme have to play, and thus far we have not seen a satisfactory answer to it.

We do not say that this point alone should determine the whole question of supporting or opposing the drainage amendment, but we do say that it is a question that will cut a large figure in the case and it ought to be answered.—Pensacola Journal.

THE STATE FAIR.

Tampa, Fla., Aug. 27.—To date, although the work has been under way little more than a month, a total of seventeen counties have been enrolled in the State Fair movement, these counties having appointed commissioners to collect products for exhibition and, made appropriations to enable the commissioners to collect such products. Assurances have been received that at least ten other counties will enter the movement at the next regular meeting of the county commissioners.

With these additions there will be represented at the Fair a much larger number of counties than ever before participated in a Southern State Fair, and a very pleasing feature is that these counties represent every section of the State, thereby guaranteeing an even greater diversity of products than were represented at the Fair last year. Counties that have never before interested themselves in Florida Fairs, owing to the success achieved last year, have entered the movement with a most commendable degree of enthusiasm that will result to their benefit and that of the State at large.

Since the work of advertising Florida and the coming State Fair at Tampa began a little more than a month ago between 8,000 and 10,000 letters have been sent to prospective settlers in every section of the United States, these letters having been sent out by the Fair Association and the industrial departments of the great railway systems interested. President T. J. L. Brown of the Fair Association has received between 3,000 and 5,000 replies from people who are desirous of attending the Fair and learning of the resources of Florida, and it is evident that the attendance of home-seekers from other States will be even larger than that of last year. During the coming week the Fair Association will send to the States of the Northwest and East a total of 20,000 attractive advertising pamphlets, calling attention to the Fair and advertising every section of Florida. The railroads are also sending out thousands of attractive advertising pamphlets and will send special agents to the Northwest to call attention to the extremely low rates offered in honor of the Fair and bring settlers to Florida. Every man and woman in Florida who has a friend in other States should write them and tell them of Florida's superb advantages.

President Brown has been campaigning through Florida for the last two weeks in the interest of the coming State Fair, to be held at Tampa, November 14th to 29th, and has been enthusiastically received in every county and city visited. Every indication is that there will be a much larger attendance at the Fair than at that of last year, and extensive preparations are being made to accommodate the crowds. Those attending will be surprised at the improvement in the Fair, and particularly will this be the case with the amusement features. Through the formation of the Southern Fair Circuit, composed of seven States, amusements of a character never before seen in the South will be brought to Tampa. A special committee of the Circuit is now visiting New York and Chicago for the purpose of securing attractions. Preparations are being made to accommodate 200 of the fastest running horses in the country at the race-track on the Fair grounds.

A Pennsylvania undertaker advertises that "those who try our coffins will use no others." As a general proposition any undertaker would be dead safe in advertising that.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

MAN DROWNS AT MACON CLUB.

In Presence of Friends J. Hassilakis Drowns at Recreation Club.

Macon, Ga., Aug. 27.—James Hassilakis, proprietor of the Boston confectionery store, on Second street, here, plunged in water over his head at the Receation club late Friday afternoon and struggled to regain the shore for ten to twenty minutes almost in the very presence of his companions, but drowned before assistance could be rendered.

No one among the group of friends who had gone out with him dared to offer a hand, fearing that the grapple might mean death to a rescuer, and until a negro was called, half a mile away, no one entered the water. As soon as the porter came he went after the man, and when he was dragged out on the banks he was still gasping. Every effort was made to save him, but death followed.

He was one of the mosts prominent and highly respected Greeks in Macon, and had a fine business record. The body was taken charge of and brought to the undertaking parlors.

Attempt Made to Wreck Train.

Savannah, Ga., Aug. 27—An attempt was made Friday night to cause a wreck on the Central railway between the 69th and 70th mile posts, near Scarboro. A crosstie was placed on the track by parties unknown. A freight train from Savannah, bound for Macon, struck the obstacle. Fortunately, the train was not running at a high rate of speed, so it did not leave the track. Search for the parties who placed the crosstie on the track is being made.

TIRED OF LIFE AWFUL SUFFERING

From Dreadful Pains From Wound on Foot—System All Run Down After Six Months' Agony—Not Able to Work—Completely Cured in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough for the Cuticura Remedies. I am now seventy-two years of age. My system had been all run down. My blood was so bad that blood poisoning had set in. I had several doctors attending me, so finally I went to the hospital, where I was laid up for two months. My foot and ankle were almost beyond recognition. Dark blood flowed out of wounds in many places, and I was so disheartened that I thought surely my last chance was slowly leaving me. As the foot did not improve, you can readily imagine how I felt. I was simply disgusted and tired of life. I stood this pain, which was dreadful, for six months, and during this time I was not able to wear a shoe and not able to work.

"Some one spoke to me about Cuticura. The consequences were I bought a set of the Cuticura Remedies of one of my friends who was a druggist, and the praise that I gave after the second application is beyond description; it seemed a miracle, for the Cuticura Remedies took effect immediately. I washed the foot with the Cuticura Soap before applying the Ointment and I took the Resolvent at the same time. After two weeks' treatment my foot was healed completely. People who had seen my foot during my illness and who have seen it since the cure, can hardly believe their own eyes."

Excess of Religious Zeal.

San Bordina, Cal., Aug. 27.—In an excess of religious zeal following the advent of the "Holy Rollers" in Southern California, Mrs. Josephine Burton Young set herself on fire, hoping by the martyrdom of flames to reach the heavenly throne. She drank oil from a lamp, poured oil over her hair and dress, lit a match and soon was writhing in the flames. Screaming, she ran through the yard, her cries being mingled with prayers such as the "Holy Rollers" use. Her husband caught her and smothered the flames, but the woman is in a critical condition. Mrs. Young is one of several women in the community who have become fanatics after attendance a the meetings of the strange sect, which teaches that sacrifices like those in biblical days are still necessary.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Woman Involved in Stealing Case.

Savannah, Ga., Aug. 27.—Mrs. F. F McDonald, also known as Mabel Drain has been arrested for having in her possession a trunk marked with her name and containing goods worth more than $1,000, that were it is alleged, stolen from the docks of the Ocean Steamship company. The woman lived in the house of E. C. Tabb one of the three policemen arrested Thursday on charges of pilfering the goods from shipping cases. Tabb who was out on bond, was rearrested on supplementary charges when the discovery of the goods in the woman's trunk was made by the detectives.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Shoots Husband Down.

Birmingham, Ala., Aug. 27.—William McVay, a saloon man, was shot and probably fatally wounded by his wife early Friday afternoon, the shooting occurring in front of McVay's saloon on Second avenue. In company with her 4-year-old son, Mrs. McVay visited the place and called her husband out. When he appeared without a word she began firing at him. He retreated and she followed, still shooting. Several bystanders sought to interfere, but desisted when the irate woman pointed her gun at them threateningly. Two bullets took effect in McVay's body and his recovery is very doubtful. Mrs. McVay surrendered, and acknowledged that she bought the pistol used for the avowed purpose of killing her husband. His alleged attentions to other women was given by her as the cause of the shooting.

In Self Defense.

Major Hamm, editor and manager of The Constitutionalist, Eminence, Ky., when he was fiercely attacked four years ago by piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Attempt to Assassinate Stolypin.

Met Death Under Engine.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

NEGRO DEFIES ENTIRE TOWN.

Excitement Caused in Albany When Negro Runs Amuck.

Albany, Ga., Aug. 27.—Simmie Brass, a negro brickmason, ran amuck Friday, murderously assaulting Samuel Farkas, a well-known stock dealer, and afterwards armed himself with a shotgun and defied arrest.

Brass became enraged on account of a contract.

At the approach of officers, Brass ran to his home in the southwestern portion of the city and arming himself with a shotgun, declared his intention of killing the first man who approached him.

J. D. Mosely, a cotton dealer, finally got the drop on Brass, however, and forced him to surrender. When the officers started to the county jail with the prisoner, he jumped from the buggy and again secured his gun from the house.

The officers again succeeded in arresting him, without shooting. The negro is now in jail. Mosely and Deputy Sheriff Godwin are being congratulated on arresting Brass without shooting him.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

Girls Discharged for Not Praying.

Chicago, Aug. 27.—Four girls have been discharged from the Zion City lace factory for failing to obey the rule requiring them to pray during work hours, but to do so on their own time. It has been the custom to deduct from the pay of the 19 girls for the time spent in prayer. Four of their number slighted the "prayer hour" and were dismissed in consequence.

Stomach Troubles and Constipation.

No one can reasonably hope for good digestion when the bowels are constipated. Mr. Chas. Baldwin of Edwardsville, Ill., says: "I suffered from chronic constipation and stomach troubles for several years, but thanks to Chamberlain's Stomach and Liver Tablets am almost cured." Why not get a package of these tablets and get well and stay well? Price 25 cents. For sale by all druggists.

Many Will Be Pardoned.

Berlin, Aug. 27.—The official Reichsanggeiger Saturday published an imperial decree pardoning all persons convicted of les majeste towards the emperor or any member of the royal family in commemoration of the forthcoming baptism of his majesty's grand son, who was born July 4th last, and will be baptized Aug. 29.

DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspapers. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Three of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the UNITED STATES DISPENSATORY, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities represent Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Collinsonia Can.*, Prof. Wm. Paine, author of Paine's Epitomy of Medicine, says of it:

"I, not long since, had a patient who was so much oppressed with valvular disease of the heart that his friends were obliged to carry him up-stairs. He, however, gradually recovered under the influence of Collinsonin (medicinal principle extracted from Stone root), and is now attending to his business. Heretofore physicians knew of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Collinsonin unquestionably affords relief in such cases, and in most instances effects a cure."

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and *permanent* influence."

"Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

Railway Shuns Columbia, Miss.

Jackson, Miss., Aug. 25.—A bill of complaint was filed in the federal court here Thursday to restrain the railroad commission from enforcing an order requiring the main line of the New Orleans and Great Northern to be built into Columbia, Miss. The Mississippi constitution provides that no railroad shall be built within 7 miles of a county seat without building into it, unless prevented by natural obstructions. Among the allegations of the bill is that the road is building an air line and that it cannot go to Columbia because it has no federal authority to brige Pearl river.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear, the kidneys are strengthened and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure. J. W. McCollum & Co.

Killed While Praying.

New York, Aug. 25.—A special to a morning paper from Wilmington, Del., says that kneeling in prayer after she had struggled vainly to free her foot from between the ties of a Baltimore and Ohio railroad trestle, Miss Elizabeth Rothwell, a young woman of this city, was ground to pieces by a freight train near Brandywine Springs Park. Her aunt, Mrs. Richard Rothwell, and a young cousin, Richard Rothwell, who were with her at the time, were both injured. There was a farmer's fair at the park and hundreds of persons saw the tragedy.

Jackson, Miss., Aug. 27.—A special from Lexington, Miss., to the News says that Friday night a negro woman named Kate Mampton was murdered in the yard of Mr. H. S. Hooker, for whom she cooked. Her head was split open eight times with an ax. The murderer escaped and there is no clew to the perpetrator. The people are very much wrought up over the matter.

Brownsville, Tex., Aug. 27.—Ranger Captain McDonald has caused the arrest of the following members of company C, Twenty-fifth infantry:

Sergeant W. O. Bower, Sergeant George Jackson, Corporal David Powell, Corporal Madison, Privates Jno. Holloman, J. H. Howard, J. H. Newton, Oscar W. Reed and J. H. Askew, on the charge of being the principals in the recent raid which resulted in the killing of a citizen and the wounding of the lieutenant of police.

Friday morning after all preparations had been made for the removal of the negro soldiers to Ft. Reno, Oklahoma, a cipher message was received by Major Penrose, directing him to hold the three companies here pending the arrival of General Bell, chief of staff, to make a thorough investigation. Consequently there is some perturbation.

Friday night there was a renewal of the precautions taken to see that none of the blacks enter the town.

It has been determined to ask for a special term of court to sit in the cases.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.
